If approved, this training program will be added to the State Eligible Training Provider List. Inclusion on Oregon's Eligible Training Provider List is not an entitlement for a prospective student to receive funding from a Local Workforce Development Board or WorkSource Oregon center, nor a requirement that the Local Workforce Development Board or WorkSource Oregon center send any referrals to the training provider. The selection of an appropriate provider is a mutual decision made by the WorkSource Oregon staff and the prospective student.

This application may also be submitted to the Local Workforce Development Board if they have a local training provider list with additional eligibility criteria, information requirements, and minimum performance levels beyond what is required by the State. Any additional requirements established by the Local Workforce Development Board only affect a program's eligibility and performance level eligibility requirements within the local workforce area. Not all local areas will have a local training provider list.
